(the big spike, right side — Miss Chicago)**

Dear Glad Friend,

Again it is a pleasure to send you my 1952 list of gladiolus — my 12th list.

It also is a pleasure to present several choice new gladiolus of a quality in keeping with such introductory successes as Badger Beauty, Variation, Miss Wisconsin, Wax Model, Miss Chicago and Tralee, and the co-introductions Spic & Span, Bridal Orchid, Redwing, etc.

I wish to thank my '51 customers for their orders and the kind remarks concerning the bulb quality, overcount, extras, and prompt service.

Additional "on the job" responsibilities curtailed photography and show competition, but there will be no diminuation in bulb quality and service.

BUSINESS TERMS

Minimum order \$2.00. Retail orders are prepaid. Wholesale orders F.O.B. Oconomowoc. Overcount or extras with all retail orders. 5% cash discount on all retail orders paid for in full prior to December 15, 1951. Payment in full before shipment.

I aim to send out only healthy bulbs, true to name, and will cheerfully refund the purchase price on any order found unsatisfactory on receipt, and promptly returned; but no guarantee of growth is implied in the sale (careless usage of chemical dips and sprays make this mandatory) nor will I be responsible for the crop. All orders are placed with the above conditions accepted by the purchaser. All orders are accepted subject to stock crop and subject to prior sale.

No bulblets orders are solicited nor accepted after April 1, 1952 for spring shipment.

Flowers and bulbs are inspected by the State Department of Agriculture, #1297.

This price list cancels all previously published retail prices, and voids any heretofore announced prices or price policies.

Signed,

WALTER C. KRUEGER

AS I SEE THE GLADS

Silver Court has no competitor in dead white with creamy white **Florence Nightingale** and **Texas** making up the top three glads generally classed as white. **Skippy** in white with a scarlet pink throat is a beauty.

My own **Ardell** far exceeds other creams in field performance, though other creams will win at the shows.

I found no yellow to challenge **Keepsake**, **Cynthia**, **Golden Crown** & **Kevin**.

October Sunshine is a great glad in orange shades.

Flame Girl adds sparkle to the fine scarlets where **Red Cherry** holds the throne.

Redwing is boss in its class though not without competition from **Poinsietta** and **Dee Twelve**.

New Yorker rules the buff pinks, with **Phantom Beauty** as next in line. **Evangeline** heads the exhibition flowers in this class.

In salmon pink shades **Spic & Span** and **Sparkle** lap the others with **Cooney Miss** the "Picardy shade" substitute and **Queen Mary** as show winner. Give the salmon a dash of rose and then **Pink Classic** comes to the fore, both in the field and on the show table.

In pure pinks **Variation** and **Tivoli** are still "tops". **Magic Wand** offers the competition.

Pale rose or rose lavender finds **Miss Chicago** as ruler with **Tralee** a fine commercial performer.

In medium rose **Miss Wisconsin** still reigns supreme though extra early **Rebound** will bring the profits of earliness. My own **Badger Rose** combines earliness and great commercial virtues.

Bridal Orchid and **Patrician** rule the lavender group.

King David is the "news" in purple.

In the novelty field **Gay Nineties** is an interesting addition.

The greatest satisfaction of the show season was to see a parade of **Reliance Gardens** introductions adorned with "blues". **Color Marvel**, **Wax Model**, **Cooney Lass**, joining with more recent introductions. Too bad that one can't continue to grow them all.

1952 INTRODUCTIONS

ARDELL (Krueger '52)

ARDELL has served as my cut flower cream for the past two flower seasons because it is the most dependable cream. It is early in bloom season and grows tall upright vigorous foliage. Bulblets of this rugged glad germinate readily — many of them make large size bulbs.

ARDELL has 4½" heavily ruffled cream florets airily placed on a flower head of 18 buds. It usually opens 8 securely attached florets at one time. The color is identical to that of **White Gold**.

For a dependable cut flower very few glads present as many virtues as **Ardell** which has found favor with the florists supplied by **Reliance Gardens**.

BADGER ROSE (Krueger '52)

BADGER ROSE, had given such outstanding field performance that it was marked for introduction long before it was exhibited at the Jefferson (S. Wis.; N. Ill.) show where its lively medium rose color, and tall spikes brought forth many enthusiastic comments.

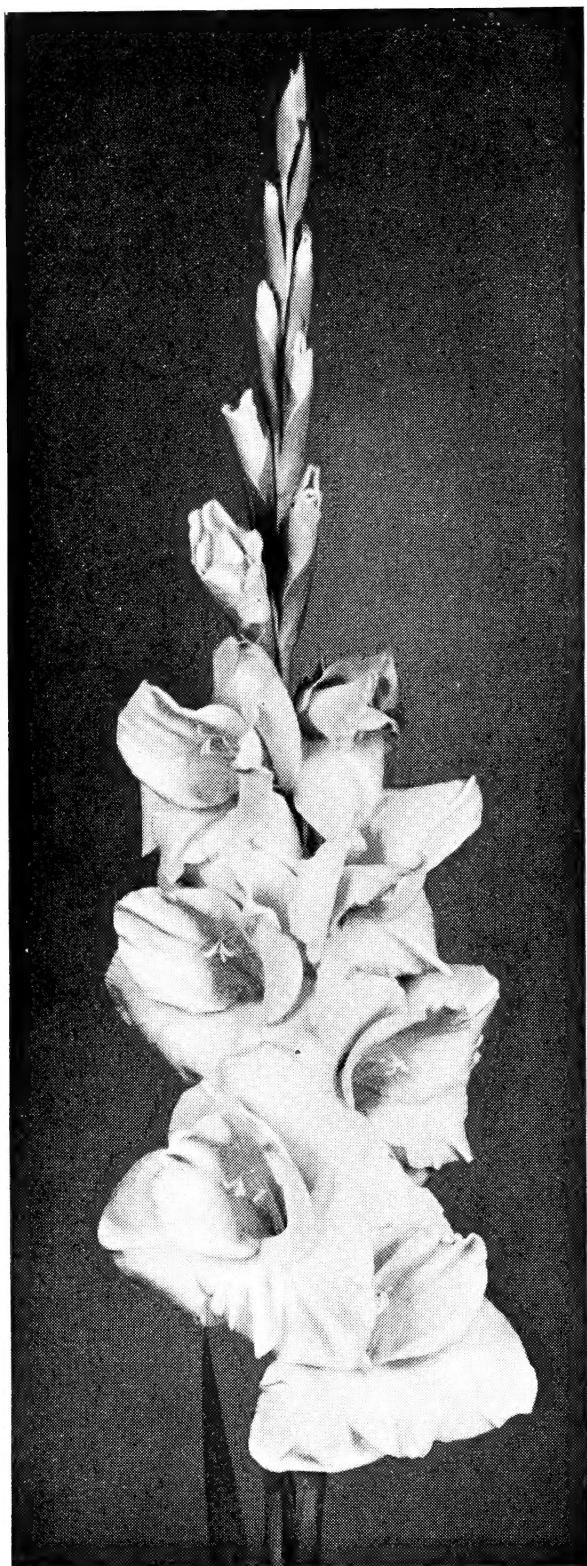

BADGER ROSE is not fancy in individual floret, nor single spike, but it is a fancy commercial gladiolus.

Earliness, tall spikes, good attachment, vibrant color, generous bulblet production and easy germination are among its virtues.

Florets are of 4¾" size. They have a darker rose purple throat petals with a small cream margin. Seven florets open at one time, with much bud color.

Don't skip this great commercial gladiolus.

1952 CO-INTRODUCTIONS

KON-TIKI (Shepeck '52)

The very best seedling that was in my planting for trial purposes was Kon-Tiki, an exceptionally early light rose that presents a clean spike with securely attached florets. It should become a great commercial gladiolus.

KON-TIKI grows to a field height of 50" and builds 25" flowerheads which carry 7 open florets, and 5 colored buds on an 18 bud spike. The soft colored lavender rose florets with their white centers are of $4\frac{3}{4}$ " size. The spike pattern is like that of one of its parents, Gertrude Swenson. Its early bloom habit derives from Lavender Gold its other parent.

KON-TIKI produces many bulblets and they germinate readily.

It will show in class 460.

Price each bulb L—\$2.50; M—\$2.00; Sm—\$1.50; each bblt. 30c; 10 for \$2.50.

Unit A 5 L, 5 M and 5 Sm for \$15.00.

Wholesale prices on application.

LINDA B (Shaw '52)

LINDA B is a superior introduction in the 300 size series where it will show in the 376 class. My attention was attracted to it in the '50 and '51 show seasons as a basket entry winner at Jefferson, and spike winner at Two Rivers.

LINDA B blooms in about 90 days — flower heads average about 16". It will hold 6 or 7 florets open with most of the buds showing color. The color is a unique one being midway between lavender and purple (usually called violet). It is very uniform in growth, and it seldom crooks.

LINDA B is an excellent gladiolus for home and florist shop arrangements.

Price each bulb L—\$2.00; M—\$1.50; Sm—\$1.00; no bblts. for sale.

Tomahawk (Graff '52)

(Red Charm X Red Seedling)

TOMAHAWK a very lovely shade of scarlet with just enough red in it to make the florets outstanding. There are a few Pencil line stripes in the throat which comes down about half way on the lower lip petal giving the impression of a scarlet without markings. There is a tendency for recurvment and frilling on the outer edges of the petals. It opens very well in water from all types of bulbs and all stages of cutting. A very healthy introduction that Glad Measow is proud to introduce and dare say one of its best. It blooms very well from bulblets, stands straight on a willowy stem with good placement and green healthy foliage. Tomahawk blooms in about 85 days attaining a complete height close to five feet (58 inches). The flower head is 28 inches in length, with a total of 20 buds. The facing is perfect with formal placement, its lasting quality is good, has plenty of vigor with good texture, will open 6 in the field and 8-10 indoors. It has a very firm attachment which is desirous of any good gladiolus. Tomahawk was one of the healthiest growers that we had in our fields. We recommend it very strongly to you as one of the better buys for such a high calibre gladiolus. Bulblet production, very good with good germination.

Priced very reasonable.

Price each bulb L—\$2.50; M—\$2.00; S—\$1.50; 10 Blts.—\$2.50; 100 Blts.—\$20.00.

Unit A 5 L, 5 S, 5 M—\$15.00.

Unit B 5 L, 5 S, 5 M, and 1000 Blts. for \$100.00.

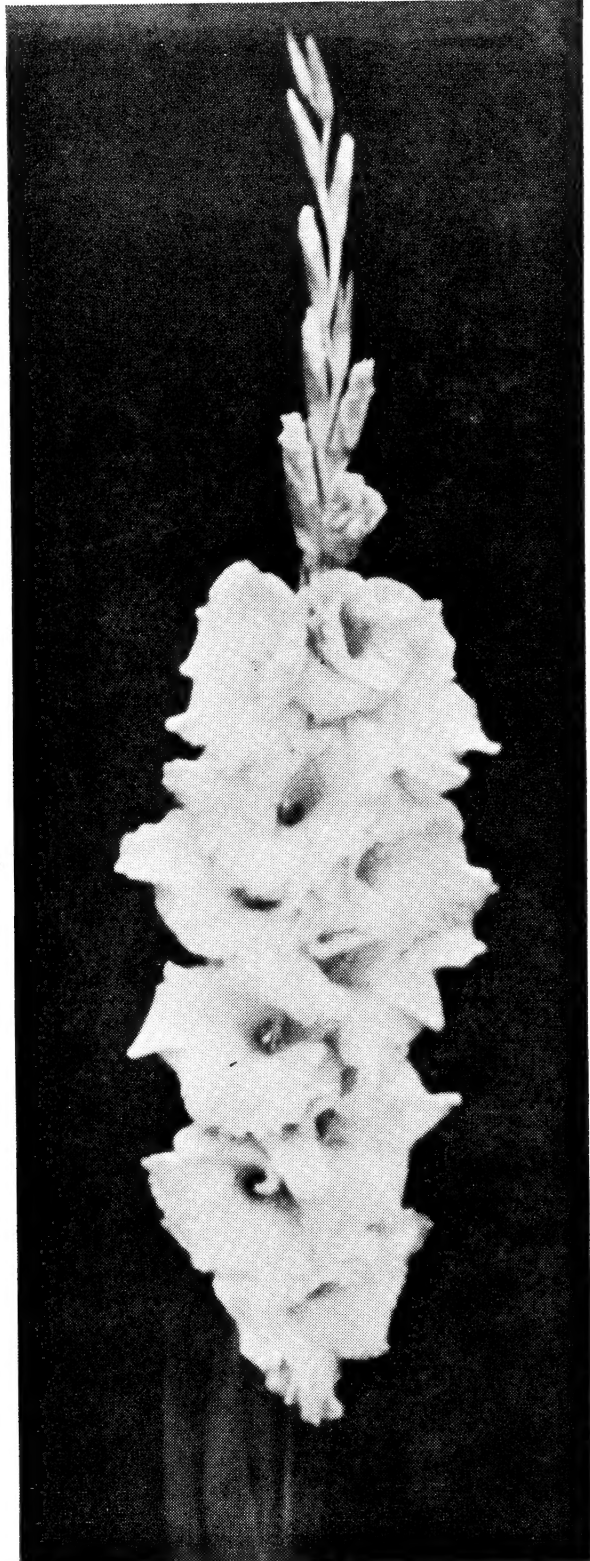

TRAVELER (Torrie Flad '52)

Last year I carried Traveler to the Garfield Park Show for its originators, where it won acclaim from the commercial growers who were present, as well as a top prize.

TRAVELER is a rose pink bordering on rose lavender, a pale shade but of good intensity. It will open 8 or more 5" florets at one time on 28" flower heads of 26" length. Florets are lightly ruffled.

TRAVELER grows to a good height and it increases well. It is a fine contribution to the growing list of gladiolus varieties.

Price each bulb L—\$5.00; M—\$4.00; Sm—\$3.00; 10 bblts. \$5.00.

Bridal Orchid

FEATURED VARIETIES

The Cream of the Newer Glads

BRIDAL ORCHID (Carlson-Puerner '50) 566

A novelty because of its unique coloring, of deep plum with a purple infusion. The color is of uniform intensity except for its throat of lighter color. It opens 8 florets at one time.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. for \$40.00.

KEVIN (Graff '51) 510

The clear yellow giant sized florets of Kevin with its 8 open florets make it the best exhibition yellow. It is a healthy, consistent performer.

KEEPSAKE (Krueger '50) 410

The waxy yellow florets of Keepsake are without any imperfection of foreign color. The low growing plants produce spire type spikes which carry seven open florets at one time.

Price each bulb L—\$1.00; M—75c; Sm—50c; 10 bblts.—\$1.00; 100 bblts.—\$8.00.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. for \$30.

KING DAVID (Carlson-Puerner '51) 570

The tremendous spikes of deep purple King David has, will create a sensation at the glad shows. It opens 8 or more giant florets at one time. A bright future is in store for this beautiful purple. It will contribute to the quality of your planting.

MISS CHICAGO (Bucheit-Krueger '49) 560

If there is a more beautiful gladiolus than Miss Chicago, I have not seen it. A great many people share this thought. Its 9 or more open gigantic lavender rose make it a superlative "exclusive" for the florist. Tall vigorous plants, and moderate propagation are characteristics of Miss Chicago.

Price each bulb L—\$1.00; M—75c; Sm—50c; 10 bblts.—\$1.00; 100 bblts.—\$8.00.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. for \$30.00.

Miss Chicago

MISS WISCONSIN (Krueger '43) 460

An old timer that has withstood the challenges of many a rose introduction, but it will not be exceeded until its own progeny will be offered to the gladiolus world. This soft attractive medium rose is priced in later sections of this listing.

NEW YORKER (Graff '50) 540

Last year New Yorker impressed me very highly. It repeated its sterling performance again this season. The buff pink florets of New Yorker have real beauty of form and color it opens 8 florets at one time. I consider it to be the best of Dr. Graff's many sterling originations.

Price each bulb L—\$2.00; M—\$1.50; Sm—\$1.00; 10 bblts.—\$2.00; 100 bblts.—\$16.00.

PINK CLASSIC (Melk Bros. '51) 530

Price each bulb L—\$1.50; M—\$1.25; Sm—\$1.00; 10 bblts.—\$1.50; 100 bblts.—\$12.00.

Unit A 1 L, 1 M, 1 Sm and 20 bblts. for \$5.00.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. for \$40.00.

QUEEN MARY (Torre-Flad '50) 530

Queen Mary derives its arty florets from one of its parents, Eliz. the Queen. Eight or more of the soft salmon florets open at one time on long spikes. Queen Mary deserves inclusion in this listing of the "best in gladiolus". Better distribution of this fine salmon will bring it the honors that it deserves.

Price each bulb L—\$1.00; M—75c; Sm—50c; 10 bblts.—\$1.00; 100 bblts.—\$8.00.

REBOUND (Wesselman '49) 460

Extra, extra early Rebound, with its three toned effect achieved by a much more intense rose color on the reverse petal sides, and a lighter edging on the frontal facing won florists approval in spite of some misplaced florets. Rebound is a great early commercial.

Price each bulb L—50c; M—35c; Sm—25c; 10 bblts.—50c; 100 bblts.—\$4.00.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. \$15.00.

REDWING (Wright-Geve-Graff '48) 536

King of the reds! The long spikes of this fine red find favor with all florists and exhibitors. Its exemplary habits make it a great commercial gladiolus. You can't go wrong with Redwing.

Price each bulb L—75c; M—50c; Sm—25c; 10 bblts.—75c; 100 bblts.—\$6.00.

SILVER COURT (Lins '48) 400

Silver Court achieves the nearest approach to perfection in the purity of its color, and also in field performance, of any glad except Spic & Span.

Ideal growing conditions bring Silver Court to 500 size.

Silver Court is a fine propagator and easy germinator.

Price each bulb L—25c; M—15c; Sm—10c; 10 bblts.—25c; 100 bblts.—\$2.00.

SKIPPY (Melk Bros. '51) 401

A most refreshing color combination, clear ruffled white with a pinkish scarlet throat embellishment. This is one of my favorite gladiolus.

Price each bulb L—\$1.50; M—\$1.25; Sm—\$1.00; 10 bblts.—\$1.50; 100 bblts.—\$12.00.

Unit A 1 L, 1 M, 1 Sm and 20 bblts. for \$5.00.

Unit B 5 L, 10 M, 15 Sm and 300 bblts. for \$40.00.

SPARKLE (Allen-Ruble '50) 530

What a splash Sparkle will make at the glad shows when this gigantic salmon becomes better known. It is a profuse bloomer from small bulb stock, and an excellent germinator. The placement is not always perfect, but this is a minor matter in the light of its many virtues.

Price each bulb L—35c; M—25c; Sm—15c; 10 bblts.—35c; 100 bblts.—\$2.80.

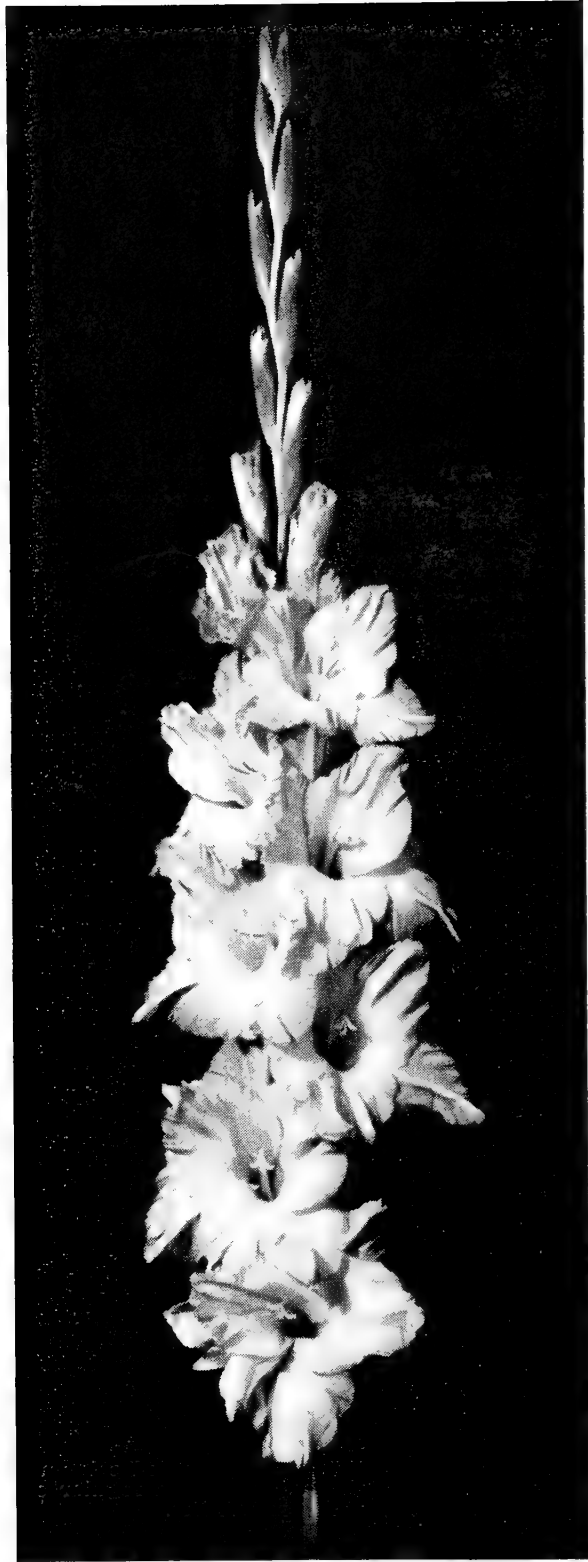

Unit B 5 L, 10 M, 10 Sm and 300 bblts. for \$10.00.

SPIC & SPAN (Carlson-Puerner '46) 432

Too much praise cannot be given to this sterling ruffled salmon florets and "gun barrel" spikes. It is the supreme commercial gladiolus and a regular contender for top show honors. Spic & Span is priced in a later section of this list.

VARIATION (Krueger '41) 340

The classic pink color of Variation has not been approached though it was introduced 10 years ago. It is a prime florist favorite and a complete sell out in spite of its rough looking bulb. Variation belongs in the "top ten" gladiolus. This fine gladiolus is priced in a later section of this catalogue.
